

LOCAL BREVITIES.

Miss Gertrude Telford, Miss Alice Metz, John and Paul Vercaamp, E. A. Sliker and Henry Holt climbed San Francisco Peak Monday. They were equipped with mirrors, which were to be used in signalling to parties in Flagstaff, but forgot them when they started to climb about, leaving them with the horses below. Signals from Flagstaff were plainly observed on the Peak.

A running race at the fair grounds Monday afternoon drew quite a big crowd. The entries were Oscar Le Barron's Chuck and D. M. Francis' Star. The distance was 400 yards and a handicap of twenty feet at the start was given to Chuck. The race was exciting while it lasted and ended in a victory for Star. Chuck flew the track when nearing the judge's stand, taking fright at the crowd which lined the track at that point. The purse was \$200.

Monday, September 6, will be public night at Lowell Observatory and the people of Flagstaff will be received between 7:30 and 10 o'clock. The astronomers will show Saturn, the moon, double stars and clusters. Intending visitors should avail themselves of this opportunity, for on other occasions the observers are occupied with the regular work of the Observatory and interruptions then cause serious loss of time.

The party consisting of Hon. D. M. Riordan and his daughters, the Misses Mamie and Helen, Lieutenant J. C. Raymond, Harold and Robert Walker, Frank H. Scott, E. A. Bancroft and C. A. Higgins of Chicago, Miss Belle Spencer of Lawrence, Kan., Rev. F. Dilly and T. A. Flynn, who visited the Moqui, taking in the Grand and Cataract canyons, returned Monday. The Chicagoans left for their homes Tuesday and Wednesday.

The concert and phrenological lecture given by the Epworth League at the opera house last Thursday evening was said by those present to have been a most enjoyable affair. The concert part of the program consisted of vocal and instrumental music, those taking part being Mrs. D. M. Riordan, Mrs. T. A. Riordan, Mrs. F. W. Sison, Mrs. D. J. Brannen and Mr. C. H. Edwards. Oscar Gibson officiated as the professor of phrenology, to the delight of everybody.

A. Redewill, the piano king of Phoenix, is here enjoying the cool air and incidentally looking after his extensive business. Mr. Redewill sells more pianos, mandolins, guitars, jewsharps, etc., than all the other dealers of the Territory put together. He is a member of the capitol site commission, and as such is endeavoring to have the construction of the proposed Territorial building, which will be a beauty architecturally, pushed to completion as rapidly as possible.

Cut rates for a few days. Having on hand a large supply of plates and cards, owing to the high freight tariff, before removing have decided to work up the stock and give the people of Flagstaff the benefit. Cabinet photos, now, \$2 per dozen; cards, \$1.50 per dozen; Paris panels, \$4 per dozen; groups, and residences (taken exterior or interior), on Paris panels, \$3 per dozen; on 10x12, \$5 per dozen. The above prices are for glass finish; dull finish, \$1 extra. J. PASEVITCH, near New Bank Hotel.

The Prescott Journal-Miner says that Park Harper, live stock inspector at Fredonia, in Coconino county, makes complaint of a rather peculiar condition of affairs in his section. He says the country in his vicinity is overrun by a large band of several hundred wild horses, unbranded and unclaimed by anybody. Besides the devastation they inflict upon the ranges, they are a nuisance in many other ways. If a cattle man turns out a tame saddle horse to graze, he is apt to get mixed up with the wild horses, and the chances are many to one that he will never be recaptured. Occasionally a fine horse belonging to the herd is captured, but there is a belief that it is a violation of the present live stock law for one to claim possession of the horse or to take him off the range without the

consent of the owner or some one in charge." In this case there is neither an owner nor any one in charge.

The fair which will be given at the Opera House next Tuesday, Wednesday and Thursday by the Ladies Benevolent Association of the Catholic church will have many special and enjoyable features. The hall is being very tastefully decorated for the occasion. Tuesday evening, beginning at 5 o'clock and continuing all evening, a turkey supper will be served; on Wednesday evening there will be a concert and supper, and Thursday evening a grand ball will be given. Lots of ice cream and cake every night. Admission free and everybody is cordially invited.

Captain D. L. Brainerd, purchasing agent for the United States Army, with headquarters in New Orleans, arrived Saturday with Mr. and Mrs. R. C. Morris of New York for a trip to the Grand Canyon of the Colorado. Captain Brainerd was a few years ago stationed at Fort Wingate, and is one of the survivors of the ill-fated Greeley Arlie expedition of 1884, in which Lieutenant Kinslingbury, father of Harry and Walter Kinslingbury of Flagstaff, lost his life from the terrible hardships endured. It was Captain Brainerd and Lieutenant Lockwood, since deceased, who reached the farthest point north ever visited by man, the 86 deg. of latitude—within four degrees of the North Pole. The Captain is a brother-in-law of Harry Carley.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Add., F. J. CHENEY & Co., Toledo, O.

Sold by druggists 75c. Hall's Family Pills are the best.

John Pratt, druggist at Gila Bend, was butchered in his bed some time Monday night. His head was beaten with a heavy iron bar, which lay near and two deep gashes were cut in his throat by a sharp instrument. When discovered Tuesday Pratt was still alive, but senseless, and died a few hours later without regaining consciousness. The store had been plundered, but how much money the murderer and robber secured is not known. A tramp is supposed to have done the awful deed and a posse set out Tuesday to capture him if possible. A late telegram states that the tramp has been apprehended.

The salaries of the professors of Glasgow university last year amounted to £23,733, the best paid of them being Prof. Cleland, who received £1,654, while the smallest emoluments were those of Professors Simpson, Moir and Becker, each of whom received £600.
